

DELOITTE

Place: Paris, France

Product: AR0W7390 Worn Oak

Deloitte has always sought to be the standard of excellence in the services it offers. When the Paris-based firm were looking to extend and refurbish its company cafeteria their flooring contractor was the first to suggest Amtico for the stylish and quality finish that could be achieved.

“Amtico was selected, giving the benefits of a real wood look without the acoustic disadvantage of real wood,” notes for Deloitte Neuilly-sur-Seine office, Mr Christian Maulin.
