

Specification

MT-800 Seam Sealer and MT-900 Seam Cleaner Specification

DESCRIPTION

MT-800 is a clear, high strength chemical welder for use with Mannington's vinyl backing Integra HP. MT-800 is the appropriate seam sealer for chemically welding Mannington's Integra HP and Infinity Six Foot and when seaming Integra HP to Mannington's commercial sheet vinyl or LVT.

MT-900 is the cleaner used to remove excess MT-800 when wet.

ADVANTAGES

- Easy Application
- Develops quick strong bond
- Passes water penetration test at 10,000 cycled on properly prepared seams

INSTALLATION

Fill applicator bottle with MT-800. Adjust flow control nozzle to deliver consistent 1/8" bead (backing thickness). Apply a consistent 1/8" bead of MT-800 along Integra HP backing edge first, once carpet width is placed into adhesive. Take care to avoid getting seam sealer onto carpet face fiber. Place second carpet width into adhesive so two carpet widths come together with slight compression to form a tight seam. The entire seam process must be completed within 10 minutes to avoid having MT-800 seam sealer harden too soon.

Quickly clean away any excess MT-800 pushed up into the face fiber. MT-900 seam cleaner should be used to remove excess MT-800 while the sealer remains wet. Dampen a clean white absorbent cotton cloth with MT-900 and gently rub the seam where the sealer has surfaced. Do Not pour seam cleaner directly on the carpet.

COVERAGE

MT-800 approximately 500 Lft. per pint

MT-900 approximately 1 quart of cleaner for every 4 pints of MT-800 seam sealer.

PACKAGING

Size	MT-800 - 1 pint can (12 per case) / MT-900 - 1 quart can (12 per case)
Order Code	29140 / 29141
Weight	15 lbs. case / 25 lbs. case

STORAGE

Store MT-800 seam Sealer and MT-900 cleaner in climate controlled interior locations only between 50 - 90°F. Protect from freezing MT-800 seam Sealer and MT-900 cleaner is not freeze/thaw stable. MT-800 seam Sealer and MT-900 cleaner has a one-year shelf life on unopened containers.

PRECAUTIONS

Flammable liquid. Do not use near heat, sparks, pilot lights, fire or other open flames. Use in well-ventilated areas. Avoid prolonged breathing of vapors. Do not save for reuse. Do not ingest. Avoid contact with skin and eyes. KEEP OUT OF REACH OF CHILDREN.

WARRANTY

MT-800 seam Sealer and MT-900 cleaner is manufactured according to exacting quality control standards specifically for the installation of Mannington's Integra HP and Infinity Six Foot. MT-800 seam Sealer and MT-900 cleaner has a lifetime performance warranty.
