

Defeat damp spaces.

Solutions crafted for high-moisture conditions

Mannington.
COMMERCIAL

Your job just got easier. With our comprehensive moisture solutions for carpet and hard surface flooring, you can defeat the most extreme high- moisture conditions.

The adverse impact of moisture on the built environment is both immediate and long-lasting. Not only can it cause building damage and flooring failure, but it can also result in poor air quality and potential health issues for occupants.

The team at Mannington Commercial can guide you to a wide variety of carpet and hard surface flooring technologies, all designed specifically to address moisture issues in subfloors.

For assistance or more information, simply contact your rep or call us at 800.241.2262.
